

***Our Common Home is suffering!***

Earthquakes, Fires, Floods, Landslides, Tornadoes, Tsunamis, and other weather-related disasters are more frequent and DEVASTATING!

Because Earth is our “common home,” we reach out to each other with compassion and empathy for all who are grieving and mourning loss of family members, friends, property, and homeland.

Our Sisters of Notre Dame de Namur Mission Volunteers serve among the people living in extreme poverty in Haiti.

***Let us PRAY each day for all inhabitants of the country of Haiti! Amen.***
